# WEEKLY PLAYDATE

This will be an international weekly playdate for Mums & Dads (Grandmas & Grandpas) with the emphasis on welcoming all cultures, and providing a warm and nurturing space for the children and their parents. The emphasis is on building a sense of community so I hope people don't just drop in now and then - but do their best to come along regularly. Parents will be required to stay with their children. The hope is to follow a program and to have one small activity each week, but mainly to go with the flow to enable time for parents to chat and kids to play. Snacks will be included.
